Digital Laser Copier

SPECIFICATIONS

AR-5415

Digital Laser Copier

Type	Desktop
Copy system	Dry, electrostatic transfer system
Fusing system	Heat rollers
Developing system	Magnetic brush development
Original	Sheets and bound documents
Original size (Platen/SPF)	Max. A4
Paper size	Max. A4, Min. A6
Copy speed	15 cpm (A4 size)
First copy time*1	9.6 seconds (Normal mode) 25.0 seconds (Pre-Heat mode) 40.0 seconds (Auto Power Shut-Off mode)
Continuous copy	Max. 99 copies
Paper feed	250-sheet tray, single bypass feeder
Copy resolution	600 dpi
Zoom range	From 25% to 400%
Fixed copy ratios	25, 70, 86, 100, 141, 400%
Warm-up time*2	0 seconds
Power requirements	Rated local AC voltage \pm 10%, 50/60 Hz
Power consumption (Max.)	1.0 kW
Dimensions (W x D x H)	498 x 462.5 x 295.6 mm
Weight	Approx. 16 kg without toner cartridge

Efficient Copying

- Scan Once/Print Many function scans the original document into memory, from where up to 99 copies can be made – quickly and efficiently
- Continuous copy rate of 12 pages per minute ensures even large copy jobs can be finished in a short time
- First copy time of just 9.6 sec. (in normal mode) minimises waiting time
- Convenient two-way paper feed system consisting of a 250-sheet front-loading tray and a single bypass feeder means less paper refills

High Image Quality

- 600 dpi laser engine produces superb-looking documents with 256-greyscale gradations
- Digital Automatic Exposure Control produces documents with optimum clarity by automatically adjusting brightness and contrast levels while distinguishing between text and photos
- Wide zoom range from 25 to 400 %, with five preset fixed copy ratios
- Digital Photo mode ensures quality reproduction of photographs and halftone originals

Cost- and Space-Saving Design

- Copies are output onto a tray below the platen, eliminating the need for a protruding delivery tray
- Energy-efficient operation with two power-saving modes – Auto Power Shut-Off and Pre-Heat modes
- Toner Save mode saves toner without sacrificing copy quality

Design and specifications are current as of October 2002, but are subject to change without prior notice.

*1 When copying onto A4 paper fed from the paper tray

*2 At rated voltage, 20 °C, 65% RH
